www.BakersfieldHomeShows.com

WELCOME

Thank you so much for joining us for the 2023 fall edition of the Bakersfield Fall Home Show, we're so glad you are here!

Renovating and upgrading your home can be a stressful process if you don't have the right resources. We are here to help you feel confident making renovation decisions so you can enjoy your home. For over 30 years, our shows have been helping homeowners just like you find the resources, savings, and professionals to get the job done right!

We hope you have a wonderful time!

G&G Productions

HOMEOWNER TIPS & TRICKS

Research Rebates

Did you know that most cities have rebates for homeowners who implement energy-efficient upgrades? Some of these upgrades include window replacement, fans, HVAC, thermostats, shade trees, irrigation, toilets, and more!

Meet Contractors

There are a ton of excellent companies out there who can help you with your next home project, but sometimes it's hard to know who to hire. While we strive to showcase reputable companies, we encourage ALL homeowners to verify their contractors have a valid CSLB number before signing a contract.

Solar Savings

Did you know that switching to solar or using a Powerwall battery can reduce your monthly utility costs overall? You can also save through federal and state programs like the Powerwall Federal Tax Credit and, the California Self-Generation Incentive Program, or similar programs and incentives through the California Energy Commission.

Country Garden Seminars

Hosted by "The Plant Professor", Lindsay Ono from Bakersfield College
Presented by the Bakersfield College Edible Education Garden.

Friday, October 20, 2023

A grilling demonstration highlighting fresh produce from the BC Edible Education Garden

1:00 PM The Secrets of Gardening Success - Green thumb garden success is for everyone. Featuring Sally Sterns, BC Ornamental Horticulture faculty
With a California Wildflower seed give-away

Zack's Big Trees & Nursery

If you're looking to try your hand at gardening or want to learn more about plants, Zack's Big Trees & Nursery is the perfect place to start with their "MAKE & TAKE" succulent garden.

Creating your own succulent garden is simple: for only \$30, you pick out a pot, find a few plants, and dress it all up. It's all about the fun along the way! It's more than just shopping for plants; it allows for bonding with your family, a night with friends, or a therapeutic activity to do solo.

The nursery offers more than just succulent garden tutorials and smaller plant necessities. We also have over 100 different varieties of house plants and outdoor perennials and annuals ranging from 2"-15-gallon containers. We also have BIG TREES starting from as little as 1-gallon trees to a 60-in. box tree and, YES, we do deliver and install.

ZACK'S BIG TREES & NURSERY is located at 4317 E Brundage Ln, Bakersfield, CA 93307

Mt. Vernon Florist

Mt. Vernon Florist has been open and in operation since 1961. Some may remember them as Cinderella.

Mt. Vernon Florist has gone through a few ownership changes as it is quite vintage. The newest owner is Laura Ortiz. She has been in the flower business for over 30 years. She got her start in Oxnard, CA at Oxnard City Florist under Larry Greene and was briefly the owner. She decided to relocate to Bakersfield as it was a better place for children. Laura had been working at Mt. Vernon Florist for 7 years when the owners decided to sell the business. She decided she would purchase Mt. Vernon Florist. Although it is no longer on Mt. Vernon Ave due to the building being sold by the previous owners. Laura decided to keep its namesake after receiving a kind letter from a regular customer.

Now Mt. Vernon Florist lives on at 4643 Wilson Rd. and is still serving all of Bakersfield. They specialize in extravagant funeral florals but that is not all they can do. They can help you with any occasion be it anniversaries, birthdays, weddings, prom, homecoming, just because and anything in between.

"This is our very first home show and I am so excited to show you a small sample of what we are able to do at Mt. Vernon Florist!"

-Laura Ortiz

General Tree Service

For Greener and Cleaner Tomorrows

Inc.

Certified
ARBORIST

Our History

General Trees Service, Inc. (GTS) has been in business since 1945. We started with one truck and one employee. In the last 72 years we have worked diligently and hard to obtain customers and provide excellent professional services. Through hard work and dedication to be one of the best, if not the best tree maintenance company in Bakersfield. We have been awarded several big contracts which are renewed again and again because of the service we provide and our outstanding teams.

Our Clients

Some of the customers we are very proud to represent are City of Bakersfield, County of Kern, Chevron Texaco, Kelly Management, Kern High School District, California State University of Bakersfield, Bakersfield College, Premier Management, Stockdale Golf Course, Union Cemetery, Valley Plaza Mall, PGE, Siboney Construction, Sun Power and Collins Electric. It is our privilege to serve our community.

There is no tree too big or too small for General Tree Service!

The sea! "No other subject offers the artist the beauty, drama, and breathtaking power."

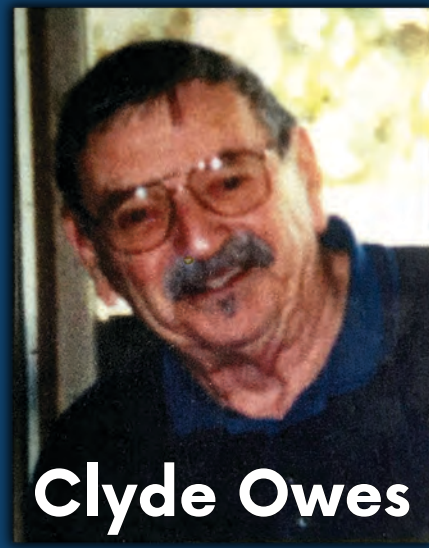

With that statement, Clyde Owes directed his artistic efforts toward capturing the moods, colors, and unending movements of the sea. His art illustrates his life-long affinity for the California coast.

For more than 30 years, Clyde used his paintbrush — as well as his keen eye for colors — to capture the turbulence and serenity of the sea.

Clyde passed away 2004 and is survived by his daughter Melody, who continues to keep his legacy alive for all to enjoy.

As Clyde would say, "The final reward is knowing my efforts have produced a painting that someone can stand back and say, 'Yes! That is the sea. That's how it looks and feels.'"

Clyde Owes

✦ In 1995, he entered the National Park Service Art competition, and out of 2,400 artists from across America, he not only was included in the final 100, but received the prestigious Judges' Award. Clyde was a member of the International Society of Marine Painters and Oil Painters of America. His art is displayed in many art galleries and art shows across the Californian coast.

Title: "**Revolutionizing Your Family's Health With Clean Water**"
by Gustavo Ponce de Leon, COO at Clean Valley Water

Introduction:

In the ever-evolving landscape of home technologies, one aspect that remains crucial is ensuring access to clean and safe water. As we step into an era where health and sustainability take centre stage, water filtration systems become a pivotal component of a modern household. Our Company hopes to offer the entire Central Valley our innovative solution to solve the ever-growing issues with our water using cutting-edge technology to provide our families the basic necessity of clean water.

Clean Valley Water's Commitment to Health:

At the heart of our company's mission is a commitment to safeguarding the health of households. With a range of advanced filtration technologies used in our home water systems, we aim to eliminate chlorine, hardness and microplastics from tap water. Our systems, coupled with our ALKALINE Reverse Osmosis, not only ensures the removal of impurities but also retains essential minerals and turns regular drinking water into high-pH alkaline water - providing a healthier and tastier water source for families.

Smart Integration for Modern Living:

In an era where smart homes are becoming the norm, our company offers the highest standard in the water filtration system industries with built-in, hassle free technology. Our at home water systems come equipped with a digital meter that monitors water filtration in real-time. Homeowners can conveniently track the filtration status and receive alerts for filter replacements through a user-friendly meter. Our systems are tailored to be both convenient and easy to use.

Testimonials from our Customers:

One of our most noticed highlights from our company is our high standard of quality and service. This is evidenced by our countless display of customer testimonials and real-life impact stories. We have some of the highest reviews on sites like Google and Yelp. Our customers have been able to witness first-hand how these water filtration systems have made a positive difference in the lives of their families, providing not just clean water but also real peace of mind.

Conclusion:

In the pursuit of healthier living, our at-home systems serve as a testament to commitment to quality and innovative progress. As households around our Central Valley become conscious of the growing water issues in our communities, we will see an increase in prioritizing the quality of their living spaces. The integration of advanced water filtration technologies will become an integral aspect of creating and sustaining a healthy family, and a more efficient home. **HOME SHOW SPECIAL: If you get set up with us within the home show weekend you will receive \$1000 OFF!**

Cyndez Designs

I have always loved sewing. My grandmother was a professional seamstress. I used to watch her sew all the time so I guess got the bug from her. I learned even more from my mother-in-law through the the years. I loved making gifts for friends & family. I would make Quilts and Burper's and simple clothing items etc.. for my own kids too. Jump ahead to 2020 when Covid started and we all had to wear masks. I had people asking me to make them one and so on. My family encouraged me to start selling them. I make variety of things like Aprons, oven mitts, bowl koozie's, placemats, table runners, xmas tree skirts, bath towels sets, kitchen towels, scrub caps, tote bags, diaper bags, kids clothes, Pj's, dog sweaters, animal bandanna's, decorative pillows, portable highchair/grocery cart straps etc... I love doing Craft Fairs, meeting people & getting new ideas. I offer custom orders too. I'm always adding different items to increase the variety of what I offer. Cyndez Designs just took off. You can find me on Facebook & Instagram.

I have two Special items for this event.

- Trick or Treat Bags, they are reversible and sturdy. I will have 4 different sizes available. Prices are \$21,\$18,\$15 & \$12.
- Rhinestone Bandanna Scarf's (hand sewn) silk and cotton. \$25.00 & \$35.00

Cindy Irwin

CyndezDesigns@gmail.com

Art of Floral Design

The Bakersfield Fall Home Show will be featuring the **Art of Floral Design** by local florist. The showcase will be featuring beautiful flower arrangements from local florists and designers from Kern County.

All of the floral arrangements will be on display in building 3 for the duration of the show, so please head in that direction for the best in what Kern County floral design has to offer!

Participating florist:

Bakersfield Flower Market:

We proudly serve the Bakersfield area and we are committed to providing great customer service and the finest sympathy designs available. Our customers are important to us and our friendly staff is dedicated to making your experience as pleasant as possible.

Flower Bar:

Our idea at Flower Bar is simple. We want to sell unique, hand-made flower arrangements. We see flowers as a gift and a privilege and love them for their simple natural beauty.

Each arrangement is the result of many farmers who spend their lives cultivating flowers, others who pick, pack, ship and sell their bounty, and those who prepare, design, and deliver our flowers. These human efforts are combined with the elements and cycles of nature to bring us our daily work. Our amazing team works tirelessly to help bring a smile to your loved ones through these flowers.

Log Cabin Florist:

Log Cabin, FTD Top 150 member and Bakersfield's oldest flower shop, was established in 1938. Our community has voted us 'Bakersfield's Best Florist' from 1994 to 2017 and has honored us with the 'Good Customer Service' award.

We are proud of our Master Managers and Designers and a staff of well-qualified sales, delivery & floral processors. Our flowers are bought locally and we support our fellow florists by sending out of town orders to locally owned shops.

Mt Vernon Florist:

BOTANICALS

Please come support us at the HOME Show!

We fundraise to offer FREE Spay Neuter to the community.

We have a lot of new items ready for this event!

The more money we make...the more fur babies we can fix!
